Annexe IV	Abbreviations			278

## INTRODUCTORY NOTE

The 1981 Census enumeration was conducted in February-March 1981, with sunrise of 1st March, 1981 as the reference point of time. The houseless were enumerated on the night of the 28th February and a revisional round was conducted from 1st to 5th March 1981. In certain inaccessible areas, however, the enumeration was carried out non-synchronously. These areas include the snow bound regions of Jammu & Kashmir, Himachal Pradesh, Uttar Pradesh and Sikkim and certain parts of Andaman and Nicobar Islands where the enumeration was carried out in September-October 1980. In Jammu & Kashmir the enumeration was carried out from 20th April to 10th May 1981, the reference point being the sunrise of 6th May 1981. The revisional round was from 6th May to 10th May 1981. This was due to the unfavourable weather conditions that prevailed in February, 1981.

The census could not be taken in Assam owing to disturbed conditions prevailing there at the time of the census. The final population totals presented in Table 1 of this volume, therefore, include the projected population of Assam as determined by the Expert Committee on Population Projections set up by the Planning Commission.

After the count was completed, the provisional results for the country, the states and union territories giving the basic statistics of population classified by sex and literacy were released on the 18th March 1981 through Paper 1 of 1981. Sometime later, Paper 2 of 1981 presenting the provisional rural/urban distribution of population in the country, the states and union territories was released in August 1981. Later, Paper 3 of 1981 giving the provisional data of the 1981 census on the distribution of population by workers and non-workers was released for the immediate use of data users. In the same paper data at the district level in the general format of the Primary Census Abstract was also presented.

The provisional results published in papers 1, 2 & 3 were based on a quick tabulation of field totals. This was followed by a detailed scrutiny and tabulation of data contained in the Individual slips and Household schedules canvassed during the 1981 census, in the Regional Tabulation Offices in all the states and union territories except Assam. The final population totals arrived at through this process of manual tabulation are presented in this paper.

This paper presents the final population totals upto the lowest administrative level of the country with rural and urban break-up. It also gives population figures relating to each town, city and urban agglomeration (with constituent units of the respective urban agglomeration).

The data are presented in the following two tables :

### Table 1 : Union Population Totals-1981

giving the final population of India, the states and union territories by total, rural and urban.

### Table 2 : State Population Totals-1981

giving the final population of states/union territories upto the level of tehsil/taluk/development block/police station/circle etc., with rural and urban break-up as also for urban agglomerations/cities/towns. In the relevant column heading in Table 2, the term tehsil refers to all these various area levels and Annexe III given at the end of this paper may be referred to for the appropriate term in the case of each state/union territory.

The units within each state/union territory have been presented in accordance with the location code in a serial order. The administrative units adopted for presentation within each state or union territory have been listed in Annexe III.

In Table 2, the population figures of individual towns and urban agglomerations falling under each administrative unit and also the constituent units of the respective urban agglomeration are given. There are cases where the constituents of an urban agglomeration fall within two or more districts, or within two or more tehsils. An indication of such cases has been given in the body of the main table and the consolidated figures of such urban agglomerations, along with the figures of the constituents, are presented in two annexes given at the end of this paper, namely,

Annexe I : The urban agglomerations extending to more than one district, and

Annexe II : The urban agglomerations extending to more than one taluk.

The abbreviations used for the civic status of towns are also given at the end of this volume in Annexe IV.

The final population of India as recorded at the sunrise of 1st March 1981 was 685,184,692. As mentioned earlier, this population includes the figures of Jammu & Kashmir where the census was taken a little later and also the projected population in the case of Assam where the census could not be taken owing to disturbed conditions prevailing there at the time of the census.

Statement 1 presents the population of India as recorded at each of the censuses from 1901 onwards. The decadal growth rate in absolute terms and in percentages has also been indicated.

#### Statement 1 Population of India 1901-1981

Year	Population	Decadal growth rate	
		Absolute	Percentage
1	2	3	4
1901	238,396,327	...	...
1911	252,093,390	+ 13,697,063	+ 5.75
1921	251,321,213	— 772,177	— 0.31
1931	278,977,238	+ 27,656,025	+ 11.00
1941	318,660,580	+ 39,683,342	+ 14.22
1951	361,088,090	+ 42,420,485	+ 13.31
1961	439,234,771	+ 77,682,873	+ 21.51
1971	548,159,652	+ 108,924,881	+ 24.80
1981	685,184,692*	+ 137,025,040	+ 25.00

\*Includes the projected population of Assam.

The population of India for the year 1981 includes the projected population of 19,896,843 of Assam State. This figure has been arrived at by subtracting from the Expert Committee's projected population of 20,390,600 for Assam (including Mizoram) as published in all India Paper 1 of 1979, the final 1981 census population of 493,757 of Mizoram U.T. In the comparative statement given in page 3 of Paper 1 of 1981 the projected population of Assam State has been given as 19,902,826 since the provisional 1981 census population of 487,774 of Mizoram was then subtracted from the projected population of 20,390,600 for Assam (including Mizoram).

The increase of 25.00% between 1971-81 is slightly higher than that indicated on the basis of Provisional totals of 1981 of 24.78%. It may be mentioned that the reference date for the 1981 census was the 1st of March while at the 1971 census it was the 1st of April. To be accurate about the growth rate in the decade it would be necessary to adjust this difference of one month since, in effect, the population addition as recorded by the census between 1971 and 1981 censuses is strictly over a period of 119 months. Adjusting for this difference, the all India decadal growth rate works out to 25.21%. It may be noted that this adjustment has, however, resulted in a very minor change in the growth rate. It may also be noted that the 1971 base would also need adjustment if one wants to be very strict about this because the reference date of the 1971 census was 1st of April and that at the 1961 census was the 1st of March.

Statement 2 presents the ranking of states and union territories by population size based on the 1981 and 1971 censuses.

Statement 2  
Ranking of States/Union Territories by population size

Rank in 1981	States/Union Territories in order of population size	Population in 1981	Percentage to total Population of India 1981	Rank in 1971	Population in 1971

† Bangalore U.A. spreads over three taluks namely, Bangalore North, Bangalore South and Devanahalli. The components of Bangalore U.A. are indicated by the '†' Sign. Consolidated figures of Bangalore U.A. alongwith details of its constituents are given in Annexe II.

@ Excludes the population of 25 out growths of Bangalore (C) & Bangalore Development Authority which fall in Bangalore South Taluk. Consolidated data for Bangalore (C) & Bangalore Development Authority are shown in Annexe II.

\* Excludes the population of two out growths, Hunsamaranahalli (O.G.) and Suggatta (O.G.) of Yelahanka which fall under Devanahalli Taluk. Consolidated data for Yelahanka are shown in Annexe II.

## Notes :

1. The details of urban areas of the two tehsils viz., Delhi and Mehrauli are not available separately and hence urban population against these tehsils are not given.
2. In view of the fact that the urban units of the two tehsils are not separately identified, the annexe is not prepared as the consolidated picture of U.A. is available from the above table itself.

## Annexe IV

## Abbreviations

The following abbreviations are used to denote the civic status of towns. A blank against a town indicates that the town has no civic status.

M. Corp.	...	Municipal Corporation
M.C.	...	Municipal Committee, Municipal Corporation
M.B.	...	Municipal Board
M	...	Municipality
M.CL.	...	Municipal Council
C	...	Corporation
C.T.	...	Census Town
N.M.	...	Non Municipal
N.A.C.	...	Notified Area Council, Notified Area Committee
P	...	Panchayat
N	...	Notified Area
Cantt.	...	Cantonment
C.B.	...	Cantonment Board
V.P.	...	Village Panchayat
N.P.	...	Nagar Panchayat, Non Panchayat
I.N.A.	...	Industrial Notified Area
N.A.	...	Notified Area Committee
T.P.	...	Town Panchayat
S.A.	...	Special Area
S.B.	...	Sanitary Board
T.C.	...	Town Committee
T.S.	...	Township
E.O.	...	Estate Office
U.A.	...	Urban Agglomeration
O.G.	...	Out Growth
T.A.	...	Town Area

Price : (Inland) Rs. 20.00 (Foreign) £ 2.33 or \$ 7.20
